RESOLUTION ADOPTED BY THE GENERAL ASSEMBLY

[on the report of the First Committee (A/49/693)]

49/69. Amendment of the Treaty Banning Nuclear Weapon Tests in the Atmosphere, in Outer Space and under Water

The General Assembly,

Recalling its resolutions 44/106 of 15 December 1989, 45/50 of 4 December 1990, 46/28 of 6 December 1991, 47/46 of 9 December 1992 and 48/69 of 16 December 1993,

Reiterating its conviction that a comprehensive nuclear-test-ban treaty is the highest-priority measure for the cessation of the nuclear-arms race and for the achievement of the objective of nuclear disarmament,

Recalling the central role of the United Nations in the field of nuclear disarmament and in particular in the cessation of all nuclear-test explosions, as well as the persistent efforts of non-governmental organizations in the achievement of a comprehensive nuclear-test-ban treaty,

Conscious of the growing environmental concerns throughout the world and of the past and potential negative effects of nuclear testing on the environment,

Recalling its resolution 1910 (XVIII) of 27 November 1963, in which it noted with approval the Treaty Banning Nuclear Weapon Tests in the Atmosphere, in Outer Space and under Water, 1/ signed on 5 August 1963, and requested the

1/ United Nations, Treaty Series, vol. 480, No. 6964.

Conference of the Eighteen-Nation Committee on Disarmament 2/ to continue with a sense of urgency its negotiations to achieve the objectives set forth in the preamble to the Treaty,

Recalling also that more than one third of the parties to the Treaty requested the depositary Governments to convene a conference to consider an amendment that would convert the Treaty into a comprehensive test-ban treaty,

Recalling further that a substantive session of the Amendment Conference of the States Parties to the Treaty Banning Nuclear Weapon Tests in the Atmosphere, in Outer Space and under Water was held in New York from 7 to 18 January 1991,

Reiterating its conviction that the Amendment Conference will facilitate the attainment of the objectives set forth in the Treaty and thus serve to strengthen it,

Noting with satisfaction the unilateral nuclear-test moratoriums announced by several nuclear-weapon States,

Welcoming the decision of the Conference on Disarmament to give its Ad Hoc Committee on a Nuclear Test Ban a mandate to negotiate a comprehensive test ban, 3/

Recalling its recommendation that arrangements be made to ensure that intensive efforts continue, under the auspices of the Amendment Conference, until a comprehensive nuclear-test-ban treaty is achieved, and its call that all parties participate in, and contribute to the success of, the Amendment Conference,

Recalling also the decision adopted by the Amendment Conference 4/ to the effect that, since further work needed to be undertaken on certain aspects of a comprehensive test-ban treaty, especially those with regard to verification of compliance and possible sanctions against non-compliance, the President of the Conference should conduct consultations with a view to achieving progress on those issues and to resuming the work of the Conference at an appropriate time,

Welcoming also the ongoing efforts being conducted by the President of the Amendment Conference,

---

2/ On 26 August 1969, the Conference of the Eighteen-Nation Committee on Disarmament decided to change its name to the Conference of the Committee on Disarmament. That negotiating body became the Committee on Disarmament as from the tenth special session of the General Assembly. The Committee on Disarmament was redesignated the Conference on Disarmament as from 7 February 1984.

3/ See Official Records of the General Assembly, Forty-eighth Session, Supplement No. 27 (A/48/27), para. 31 (para. 2 of the quoted text).

4/ PTBT/CONF/13/Rev.1, para. 26.

Recalling finally the concluding statement 5/ made by the President of the Amendment Conference of the States Parties to the Treaty Banning Nuclear Weapon Tests in the Atmosphere, in Outer Space and under Water at the special meeting of States parties held on 10 August 1993, in which broad agreement was found for:

(a) Pursuing work for a comprehensive test ban in the Amendment Conference and the Conference on Disarmament in a mutually supportive and mutually complementary manner,

(b) Holding another special meeting early in 1994 to review developments and assess the situation regarding a comprehensive test ban and to examine the feasibility of resuming the work of the Amendment Conference later that year,

(c) Promoting universality of a comprehensive test ban by having the President of the Amendment Conference liaise closely with the Conference on Disarmament and the five nuclear-weapon States,

1. Notes with satisfaction that in 1994 the Conference on Disarmament initiated the multilateral negotiation of a universal and effectively verifiable comprehensive nuclear-test ban, which would contribute effectively to the prevention of proliferation in all its aspects, to the process of nuclear disarmament and therefore to the enhancement of international peace and security;

2. Notes the intention of the President of the Conference to convene, after appropriate consultations and in the light of the work carried out by the Conference on Disarmament, another special meeting of the States parties to the Treaty Banning Nuclear Weapon Tests in the Atmosphere, in Outer Space and under Water, as envisaged by the General Assembly in its resolution 48/69, to review developments and assess the situation regarding a comprehensive test ban and to examine the feasibility of resuming the work of the Amendment Conference;

3. Recommends that arrangements be made to ensure the fullest possible participation of non-governmental organizations in the Amendment Conference;

4. Reiterates its conviction that, pending the conclusion of a comprehensive nuclear-test-ban treaty, the nuclear-weapon States should suspend all nuclear-test explosions through an agreed moratorium or unilateral moratoriums;

5. Decides to include in the provisional agenda of its fiftieth session the item entitled "Amendment of the Treaty Banning Nuclear Weapon Tests in the Atmosphere, in Outer Space and under Water".

The General Assembly,

Recalling its resolution 48/70 of 16 December 1993, in which the entire international community, for the first time, supported the commencement of multilateral negotiations on a comprehensive nuclear-test-ban treaty,

Reaffirming that a comprehensive nuclear-test ban is one of the highest priority objectives of the international community in the field of disarmament and non-proliferation,

Convinced that the most effective way to achieve an end to nuclear testing is through the conclusion of a universal and internationally and effectively verifiable comprehensive nuclear-test-ban treaty that will attract the adherence of all States and will contribute to the prevention of the proliferation of nuclear weapons in all its aspects, to the process of nuclear disarmament and therefore to the enhancement of international peace and security,

Reaffirming the conviction that the exercise of utmost restraint in respect of nuclear testing would be consistent with the negotiation of a comprehensive nuclear-test-ban treaty,

Noting the aspirations expressed by the parties to the 1963 Treaty Banning Nuclear Weapon Tests in the Atmosphere, in Outer Space and under

Water 1/ to seek to achieve the discontinuance of all test explosions of nuclear weapons for all time, which are recalled in the preamble to the 1968 Treaty on the Non-Proliferation of Nuclear Weapons, 2/

Welcoming the preparation of a rolling text in the Ad Hoc Committee on a Nuclear Test Ban of the Conference on Disarmament, as reflected in the report of the Conference and its appendix, 3/ and noting the decision of the Conference to continue its work in inter-sessional meetings,

Welcomes the multilateral negotiation on a comprehensive nuclear-test-ban treaty in the Ad Hoc Committee on a Nuclear Test Ban of the Conference on Disarmament, and the positive and substantial contributions to the elaboration of the rolling text made by States participating in those negotiations;

2. Calls upon participants in the Conference on Disarmament to advance work on the basis of the rolling text during the inter-sessional negotiating period with a view to making substantial progress;

3. Also calls upon the Conference on Disarmament, upon the re-establishment of the Ad Hoc Committee at the commencement of its 1995 session and renewal of its mandate, to proceed to a new phase of negotiation;

4. Urges all States participating in the Conference on Disarmament, in particular the nuclear-weapon States, to negotiate intensively, as a high priority task, and to conclude a universal and multilaterally and effectively verifiable comprehensive nuclear-test-ban treaty which contributes to nuclear disarmament and the prevention of the proliferation of nuclear weapons in all its aspects;

5. Calls once more upon all States to support the multilateral negotiations in the Conference on Disarmament for a comprehensive nuclear-test-ban treaty and their conclusion without delay;

6. Requests the Secretary-General to ensure the provision to the Conference on Disarmament of adequate administrative, substantive and conference support services for these negotiations;

7. Decides to include in the provisional agenda of its fiftieth session the item entitled "Comprehensive test-ban treaty".

Believing that the establishment of a nuclear-weapon-free zone in South Asia, as in other regions, will assist in the strengthening of the security of the States of the region against the use or threat of use of nuclear weapons,

Taking note with appreciation of the declarations issued at the highest level by the Governments of South Asian States that are developing their peaceful nuclear programmes, reaffirming their undertaking not to acquire or manufacture nuclear weapons and to devote their nuclear programmes exclusively to the economic and social advancement of their peoples,

49/73. Conclusion of effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons

The General Assembly,

Bearing in mind the need to allay the legitimate concern of the States of the world with regard to ensuring lasting security for their peoples,

Convinced that nuclear weapons pose the greatest threat to mankind and to the survival of civilization,

Welcoming the progress achieved in recent years in both nuclear and conventional disarmament,

Noting that, despite recent progress in the field of nuclear disarmament, further efforts are necessary towards the achievement of the goal of general and complete disarmament under effective international control,

Also convinced that nuclear disarmament and the complete elimination of nuclear weapons are essential to remove the danger of nuclear war,

Determined strictly to abide by the relevant provisions of the Charter of the United Nations on the non-use of force or threat of force,

Recognizing that the independence, territorial integrity and sovereignty of non-nuclear-weapon States need to be safeguarded against the use or threat of use of force, including the use or threat of use of nuclear weapons,

Considering that, until nuclear disarmament is achieved on a universal basis, it is imperative for the international community to develop effective measures and arrangements to ensure the security of non-nuclear-weapon States against the use or threat of use of nuclear weapons from any quarter,

Recognizing also that effective measures and arrangements to assure the non-nuclear-weapon States against the use or threat of use of nuclear weapons can contribute positively to the prevention of the spread of nuclear weapons,

Bearing in mind paragraph 59 of the Final Document of the Tenth Special Session of the General Assembly, 1/ the first special session devoted to disarmament, in which it urged the nuclear-weapon States to pursue efforts to conclude, as appropriate, effective arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, and desirous of promoting the implementation of the relevant provisions of the Final Document,

Taking note of the proposals submitted under that item in the Conference on Disarmament, including the drafts of an international convention,

Taking note also of the decision adopted by the Tenth Conference of Heads of State or Government of Non-Aligned Countries, held at Jakarta from 1 to 6 September 1992, 7/ as well as the relevant recommendations of the Organization of the Islamic Conference reiterated in the Final Communiqué of the Twentieth Islamic Conference of Foreign Ministers, held at Istanbul from 4 to 8 August 1991, 8/ calling upon the Conference on Disarmament to reach an urgent agreement on an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons,

Taking note further of the unilateral declarations made by all nuclear-weapon States on their policies of non-use or non-threat of use of nuclear weapons against non-nuclear-weapon States,

Noting the support expressed in the Conference on Disarmament and in the General Assembly for the elaboration of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, as well as the difficulties pointed out in evolving a common approach acceptable to all,

Noting also the greater willingness to overcome the difficulties encountered in previous years,

Recalling its relevant resolutions adopted in previous years, in particular resolutions 45/54 of 4 December 1990, 46/32 of 6 December 1991, 47/50 of 9 December 1992 and 48/73 of 16 December 1993,

1. Reaffirms the urgent need to reach an early agreement on effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons;

2. Notes with satisfaction that in the Conference on Disarmament there is no objection, in principle, to the idea of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, although the difficulties as regards evolving a common approach acceptable to all have also been pointed out;

3. Appeals to all States, especially the nuclear-weapon States, to work actively towards an early agreement on a common approach and, in particular, on a common formula that could be included in an international instrument of a legally binding character;

7/ See A/47/675-S/24816, annex, chap. II, para. 47; see Official Records of the Security Council, Forty-seventh Year, Supplement for October, November and December 1992, document S/24816.

4. Recommends that further intensive efforts should be devoted to the search for such a common approach or common formula and that the various alternative approaches, including, in particular, those considered in the Conference on Disarmament, should be further explored in order to overcome the difficulties;

5. Recommends also that the Conference on Disarmament should actively continue intensive negotiations with a view to reaching early agreement and concluding effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, taking into account the widespread support for the conclusion of an international convention and giving consideration to any other proposals designed to secure the same objective;

6. Decides to include in the provisional agenda of its fiftieth session the item entitled "Conclusion of effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons".

49/74. Prevention of an arms race in outer space

The General Assembly,

Recognizing the common interest of all mankind in the exploration and use of outer space for peaceful purposes,

Reaffirming the will of all States that the exploration and use of outer space, including the Moon and other celestial bodies, shall be for peaceful purposes, shall be carried out for the benefit and in the interest of all countries, irrespective of their degree of economic or scientific development, and shall be the province of all mankind,

Reaffirming also provisions of articles III and IV of the Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other Celestial Bodies, 1/

Recalling the obligation of all States to observe the provisions of the Charter of the United Nations regarding the use or threat of use of force in their international relations, including in their space activities,

Reaffirming further paragraph 80 of the Final Document of the Tenth Special Session of the General Assembly, 2/ in which it is stated that in order to prevent an arms race in outer space further measures should be taken and appropriate international negotiations held in accordance with the spirit of the Treaty,

---

1/ Resolution 2222 (XXI), annex.

2/ Resolution S-10/2.

Recalling also its previous resolutions on this issue and the Final Document adopted by the Tenth Conference of Heads of State or Government of Non-Aligned Countries, held at Jakarta from 1 to 6 September 1992, 3/ and taking note of the proposals submitted to the General Assembly at its tenth special session and at its regular sessions, and of the recommendations made to the competent organs of the United Nations and to the Conference on Disarmament,

Recognizing the grave danger for international peace and security of an arms race in outer space and of developments contributing to it,

Emphasizing the paramount importance of strict compliance with existing arms limitation and disarmament agreements relevant to outer space, including bilateral agreements, and with the existing legal regime concerning the use of outer space,

Considering that wide participation in the legal regime applicable to outer space could contribute to enhancing its effectiveness,

Noting that bilateral negotiations, begun in 1985 between the Union of Soviet Socialist Republics and the United States of America, were conducted with the declared objective of working out effective agreements aimed, inter alia, at preventing an arms race in outer space,

Welcoming the re-establishment of the Ad Hoc Committee on the Prevention of an Arms Race in Outer Space at the 1994 session of the Conference on Disarmament, in the exercise of the negotiating responsibilities of this sole multilateral body on disarmament, to continue to examine and identify, through substantive and general consideration, issues relevant to the prevention of an arms race in outer space,

Noting also that the Ad Hoc Committee on the Prevention of an Arms Race in Outer Space, taking into account its previous efforts since its establishment in 1985 and seeking to enhance its functioning in qualitative terms, continued the examination and identification of various issues, existing agreements and existing proposals, as well as future initiatives relevant to the prevention of an arms race in outer space, 4/ and that this contributed to a better understanding of a number of problems and to a clearer perception of the various positions,

Emphasizing the mutually complementary nature of bilateral and multilateral efforts in the field of preventing an arms race in outer space, and hoping that concrete results will emerge from those efforts as soon as possible,

---

3/ See A/47/675-S/24816, annex, chap. II, para. 45; see Official Records of the Security Council, Forty-seventh Year, Supplement for October, November and December 1992, document S/24816.

4/ See Official Records of the General Assembly, Forty-ninth Session, Supplement No. 27 (A/49/27), para. 32 (para. 5 of the quoted text).

Convinced that further measures should be examined in the search for effective and verifiable bilateral and multilateral agreements in order to prevent an arms race in outer space,

Stressing that the growing use of outer space increases the need for greater transparency and better information on the part of the international community,

Recalling in this context its previous resolutions, in particular resolutions 45/55 B of 4 December 1990, 47/51 of 9 December 1992 and 48/74 A of 16 December 1993, in which, inter alia, it reaffirmed the importance of confidence-building measures as means conducive to ensuring the attainment of the objective of the prevention of an arms race in outer space,

Conscious of the benefits of confidence- and security-building measures in the military field,

Recognizing that there was wide agreement in the Ad Hoc Committee that the conclusion of an international agreement or agreements to prevent an arms race in outer space remained the fundamental task of the Committee and that the concrete proposals on confidence-building measures could form an integral part of such agreements,

1. Reaffirms the importance and urgency of preventing an arms race in outer space and the readiness of all States to contribute to that common objective, in conformity with the provisions of the Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other Celestial Bodies;

2. Reaffirms its recognition, as stated in the report of the Ad Hoc Committee on the Prevention of an Arms Race in Outer Space, that the legal regime applicable to outer space by itself does not guarantee the prevention of an arms race in outer space, that this legal regime plays a significant role in the prevention of an arms race in that environment, that there is a need to consolidate and reinforce that regime and enhance its effectiveness, and that it is important strictly to comply with existing agreements, both bilateral and multilateral;

3. Emphasizes the necessity of further measures with appropriate and effective provisions for verification to prevent an arms race in outer space;

4. Calls upon all States, in particular those with major space capabilities, to contribute actively to the objective of the peaceful use of outer space and of the prevention of an arms race in outer space and to refrain from actions contrary to that objective and to the relevant existing treaties in the interest of maintaining international peace and security and promoting international cooperation;

5. Reiterates that the Conference on Disarmament, as the single multilateral disarmament negotiating forum, has the primary role in the negotiation of a multilateral agreement or agreements, as appropriate, on the prevention of an arms race in outer space in all its aspects;

6. Requests the Conference on Disarmament to consider as a matter of priority the question of preventing an arms race in outer space;

7. Also requests the Conference on Disarmament to intensify its consideration of the question of the prevention of an arms race in outer space in all its aspects, building upon areas of convergence and taking into account relevant proposals and initiatives, including those presented in the Ad Hoc Committee at the 1994 session of the Conference and at the forty-ninth session of the General Assembly;

8. Further requests the Conference on Disarmament to re-establish an ad hoc committee with an adequate mandate at the beginning of its 1995 session and to continue building upon areas of convergence, taking into account the work undertaken since 1985, with a view to undertaking negotiations for the conclusion of an agreement or agreements, as appropriate, to prevent an arms race in outer space in all its aspects;

9. Recognizes, in this respect, the growing convergence of views on the elaboration of measures designed to strengthen transparency, confidence and security in the peaceful uses of outer space;

10. Urges the Russian Federation and the United States of America to resume their bilateral negotiations with a view to reaching early agreement for preventing an arms race in outer space, and to advise the Conference on Disarmament periodically of the progress of their bilateral sessions so as to facilitate its work;

11. Decides to include in the provisional agenda of its fiftieth session the item entitled "Prevention of an arms race in outer space".

Review of the Declaration of the 1990s as the Third Disarmament Decade

The General Assembly,

Recalling its resolution 45/62 A of 4 December 1990, by which it adopted the text of the Declaration of the 1990s as the Third Disarmament Decade and declared the 1990s as the Third Disarmament Decade,

Noting the great changes in international relations that have occurred since the adoption of the Declaration in 1990,

Noting in particular the end of the cold war and bipolar rivalries between the East and the West, thus heralding a new era of cooperation in international relations,

Alarmed, nevertheless, at the outbursts of ethnic and nationalist conflicts as well as disturbing issues in arms control and disarmament in different parts of the world and the consequent deterioration in security situations in these areas, with negative implications for international peace and security,

Convinced of the need to review and assess the achievement of the objectives of the Declaration and, if need be, to adapt them to meet the new challenges of the post-cold-war era,

1. Decides to undertake, at its fiftieth session, the middle of the Decade, a review and appraisal of the implementation of the Declaration of the 1990s as the Third Disarmament Decade;

Transparency in armaments

The General Assembly,

Recalling its resolutions 46/36 L of 9 December 1991, 47/52 L of 15 December 1992 and 48/75 E of 16 December 1993 entitled "Transparency in armaments",

Continuing to take the view that an enhanced level of transparency in armaments contributes greatly to confidence-building and security among States and that the establishment of the United Nations Register of Conventional Arms 9/ constitutes an important step forward in the promotion of transparency in military matters,

Welcoming the consolidated report of the Secretary-General on the Register, 10/ which includes the returns of Member States for 1993,

---

9/ See resolution 46/36 L.

10/ A/49/352 of 1 September 1994 and Corr.1, and Add.1 and 2 of 4 and 17 November 1994.

Welcoming also the response of Member States to the request contained in paragraphs 9 and 10 of resolution 46/36 L to provide data on their imports and exports of arms, as well as available background information regarding their military holdings, procurement through national production and relevant policies,

Stressing that the continuing operation of the Register and its further development should be reviewed in order to secure a Register which is capable of attracting the widest possible participation,

Taking note of the report of the Conference on Disarmament on its agenda item entitled "Transparency in armaments", 11/

1. Reaffirms its determination to ensure the effective operation of the United Nations Register of Conventional Arms as provided for in paragraphs 7, 8, 9 and 10 of resolution 46/36 L;

2. Takes note of the report of the Secretary-General of 22 September 1994 on the continuing operation of the Register and its further development 12/ and the recommendations contained therein;

3. Calls upon Member States to provide the requested data and information for the Register, on the basis of resolutions 46/36 L and 47/52 L and the annex and appendices to the report of the Secretary-General on the continuing operation of the Register and its further development, to the Secretary-General by 30 April annually;

4. Decides, with a view to further development of the Register, to keep the scope of and participation in the Register under review, and, to this end:

(a) Requests Member States to provide the Secretary-General with their views on the continuing operation of the Register and its further development and on transparency measures related to weapons of mass destruction;

(b) Requests the Secretary-General, with the assistance of a group of governmental experts to be convened in 1997, on the basis of equitable geographical representation, to prepare a report on the continuing operation of the Register and its further development, taking into account work of the Conference on Disarmament, the views expressed by Member States and the 1994 report of the Secretary-General on the continuing operation of the Register and its further development, with a view to a decision at its fifty-second session;

Moratorium on the export of anti-personnel land-mines

The General Assembly,

Recalling with satisfaction its resolution 48/75 K of 16 December 1993, by which it, inter alia, called upon States to agree to a moratorium on the export of anti-personnel land-mines that pose grave dangers to civilian populations, and urged States to implement such a moratorium,

Noting that there are approximately 85 million or more anti-personnel land-mines in the ground throughout the world and that many thousands of such mines continue to be laid in an indiscriminate manner,

Expressing deep concern that anti-personnel land-mines kill or maim hundreds of people every week, mostly unarmed civilians, obstruct economic development and reconstruction and have other severe consequences, which include inhibiting the repatriation of refugees and the return of internally displaced persons,

Welcoming the programmes of assistance which exist for demining and humanitarian support for the victims of anti-personnel land-mines,

Gravely concerned with the suffering and casualties caused to non-combatants as a result of the proliferation, as well as the indiscriminate and irresponsible use, of anti-personnel land-mines,

Recognizing that States can move most effectively towards the ultimate goal of the eventual elimination of anti-personnel land-mines as viable and humane alternatives are developed,

Recalling with satisfaction the report of the Secretary-General 13/ concerning progress on the initiative in the aforementioned resolution,

---

13/ A/49/275 of 27 July 1994 and Add.1 of 31 October 1994.

Convinced that moratoriums by States exporting anti-personnel land-mines that pose grave dangers to civilian populations are important measures in helping to reduce substantially the human and economic costs resulting from the use of such devices,

Noting with satisfaction that many States already have declared moratoriums on the export, transfer or sale of anti-personnel land-mines and related devices, with many of these moratoriums being declared as a result of the aforementioned resolution,

Believing that ongoing efforts to strengthen the Convention on Prohibitions or Restrictions on the Use of Certain Conventional Weapons Which May Be Deemed to Be Excessively Injurious or to Have Indiscriminate Effects, 14/ particularly its Protocol II, 15/ are an important part of the overall effort to address problems caused by anti-personnel land-mines,

Recalling with satisfaction its resolution 48/7 of 19 October 1993 calling for assistance in mine clearance,

1. Welcomes the moratoriums already declared by certain States on the export of anti-personnel land-mines;

2. Urges States that have not yet done so to declare such moratoriums at the earliest possible date;

3. Requests the Secretary-General to prepare a report on steps taken by Member States to implement such moratoriums and to submit it to the General Assembly at its fiftieth session under the item entitled "General and complete disarmament";

4. Emphasizes the importance of the Convention on Prohibitions or Restrictions on the Use of Certain Conventional Weapons Which May Be Deemed to Be Excessively Injurious or to Have Indiscriminate Effects and its Protocols as the authoritative international instrument governing the responsible use of anti-personnel land-mines and related devices;

5. Urges States that have not done so to adhere to the Convention and its Protocols;

6. Encourages further international efforts to seek solutions to the problems caused by anti-personnel land-mines, with a view to their eventual elimination.

E

Step-by-step reduction of the nuclear threat

The General Assembly,

Bearing in mind the goal of the total elimination of nuclear weapons,

Desiring to reduce, progressively and systematically, the threat posed by nuclear weapons,

Welcoming the respite from the intense competition in the accumulation of weapons-grade fissile materials, in the production of nuclear warheads and in the deployment of nuclear-weapon systems which characterized the cold war,

Mindful that processing of special fissionable material for weapon purposes and production of nuclear warheads continues at a steady pace in some States, and that many thousands of nuclear-weapon systems remain deployed at the brink of war,

Welcoming also the standing down of some nuclear-weapon systems from full alert and the elimination of certain types of weapons,

Mindful also that the military doctrines regarding the threat of use of nuclear weapons remain unaltered, and that most agreed reductions do not entail destruction of the nuclear warheads or delivery vehicles,

Welcoming further the steps taken to increase transparency in armaments and the emerging pattern of closing or converting nuclear-weapon production facilities,

Mindful further of the continuing lack of internationally verified inventories of the nuclear arsenals and that plans for the redirection of nuclear-weapon facilities to the task of dismantlement of the nuclear arsenals are only at an early state of development,

Wishing to further current efforts regarding multilateral negotiations and agreements, and conscious of the urgent need for expeditious action for this purpose,

Confident that the Conference on Disarmament can serve as an effective multilateral disarmament negotiating forum, as envisioned at its 1978 special session devoted to disarmament 16/ and as evidenced recently by the successful conclusion of the Convention on the Prohibition of the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction, 17/

Persuaded that agreement upon a five- to ten-year agenda on nuclear arms control would provide a needed overall sense of direction to global disarmament efforts,

---

16/ See resolution S-10/2, para. 120.

17/ See Official Records of the General Assembly, Forty-seventh Session, Supplement No. 27 (A/47/27), appendix I.

Convinced that the successful pursuit of such an agenda would significantly advance the goal of the elimination of nuclear weapons from national arsenals,

1. Identifies the following general areas for step-by-step reduction of the nuclear threat:

Area A. Steps to counter, inter alia:

(a) The acquisition and processing of special fissionable material for nuclear-weapon purposes;

(b) The manufacture and testing of nuclear warheads and their delivery vehicles;

(c) The assembly and deployment of nuclear-weapon systems;

by such means as:

(i) Prohibiting the test explosion of nuclear weapons;

(ii) Cutting off the production of special fissile materials for weapon purposes;

(iii) Ending production of nuclear warheads;

(iv) Ending the production and testing of intermediate- and long-range ballistic missiles for nuclear-weapon purposes;

(v) Effective, legally binding measures to deter the use or threat of use of nuclear weapons;

(vi) Other related measures;

Area B. Steps to actuate, inter alia:

(a) The withdrawal from deployment and disassembly of nuclear-weapon systems;

(b) The secure storage and dismantlement of nuclear warheads and their delivery vehicles;

(c) The elimination of special fissionable materials for nuclear-weapon purposes;

by such means as:

(i) Standing down nuclear-weapon systems from high-alert status;

(ii) Separating nuclear warheads from their delivery vehicles;

(iii) Placing nuclear warheads in secure storage;

(iv) Converting delivery vehicles, where appropriate, to peaceful uses;

(v) Removing special nuclear materials from warheads;

(vi) Converting special nuclear materials to non-weapon purposes;

(vii) Other related measures;

Area C. Steps to prepare, under international auspices:

(a) An inventory of the nuclear arsenals, including:

(i) All special fissile materials, nuclear warheads and their delivery vehicles;

(ii) All facilities devoted to the processing, manufacture, assembly and deployment of those items;

(b) A reorientation of those facilities necessary to the task of implementing measures relating to area B;

(c) The closure or conversion to peaceful purposes of all other such facilities in furtherance of measures relating to area A;

2. Asks Member States, in particular the nuclear-weapon States, to consider steps which they might take unilaterally, bilaterally, or in cooperation with other States to promote progress in the identified areas, and fully to inform the international community of any steps taken in this regard;

3. Recommends to the Conference on Disarmament that in 1995 it:

(a) Develop from the three general areas identified in paragraph 1 of the present resolution a comprehensive set of practical, verifiable measures for possible negotiation in their next five- and ten-year periods;

(b) Determine from that set a year-by-year sequence and combination of negotiations on specific measures to be commenced during the next five- and ten-year periods, with due regard to steps taken pursuant to paragraph 2;

4. Requests the Conference on Disarmament to include in its 1995 report to the General Assembly a section on efforts undertaken in accordance with the recommendation set out in paragraph 3;

5. Decides to include in the provisional agenda of its fiftieth session an item entitled "Step-by-step reduction of the nuclear threat".

1995 Review and Extension Conference of States Parties to the Treaty on the Non-Proliferation of Nuclear Weapons

The General Assembly,

Recalling its resolution 2373 (XXII) of 12 June 1968, the annex to which contains the Treaty on the Non-Proliferation of Nuclear Weapons,18/

Noting the provisions of article X, paragraph 2, of that Treaty, which stipulates the holding of a conference twenty-five years after the entry into force of the Treaty to decide whether the Treaty shall continue in force indefinitely or shall be extended for an additional fixed period or periods,

Desirous of ensuring the consolidation of the Treaty with a view to achieving ultimately the elimination of nuclear weapons,

Aware of the need for the Treaty to attain universal adherence,

Convinced that the decision on the extension of the Treaty should lead to further progress in nuclear disarmament, in accordance with the preamble and article VI of the Treaty,

Noting, therefore, the necessity of giving careful consideration to all possible options in order to take a decision that is appropriate and capable of strengthening the non-proliferation regime in the pursuit of the ultimate objective of the elimination of nuclear weapons,

Conscious of the fact that there are various interpretations which have been expressed concerning the application of article X, paragraph 2, of the Treaty,

1. Calls upon States parties to the Treaty on the Non-Proliferation of Nuclear Weapons to give appropriate consideration to the import of the Treaty in its entirety and with special attention to its article X, paragraph 2;

2. Invites States parties to provide their legal interpretations of article X, paragraph 2, of the Treaty and their views on the different options and actions available, for compilation by the Secretary-General as a background document of the 1995 Review and Extension Conference of States Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, well before the holding of that Conference.

Assistance to States for curbing the illicit traffic in small arms and collecting them

Considering that the circulation of massive quantities of small arms throughout the world impedes development and is a source of increased insecurity,

Considering also that the illicit international transfer of small arms and their accumulation in many countries constitute a threat to the populations and to national and regional security and is a factor contributing to the destabilization of States,

Basing itself on the statement of the Secretary-General relating to the request of Mali concerning United Nations assistance for the collection of small arms,

Gravely concerned at the extent of the insecurity and banditry linked to the illicit circulation of small arms in Mali and the other affected States of the Saharo-Sahelian subregion,

Taking note of the first conclusions of the United Nations Advisory Mission sent to Mali by the Secretary-General to study the best way of curbing the illicit circulation of small arms and ensuring their collection,

Noting the interest shown by other States of the subregion in receiving the United Nations Advisory Mission,

Noting also the actions taken and those recommended at the meetings of the States of the subregion held at Banjul, Algiers and Bamako to establish close regional cooperation with a view to strengthening security,

1. Welcomes the initiative taken by Mali concerning the question of the illicit circulation of small arms and their collection in the affected States of the Saharo-Sahelian subregion;

2. Also welcomes the action taken by the Secretary-General in implementation of this initiative;

3. Thanks the Government of Mali for the appreciable help which it has given to the United Nations Advisory Mission, and welcomes the declared readiness of other States of the subregion to receive the Mission;

4. Congratulates the Secretary-General on his action within the context of the relevant provisions of resolution 40/151 H of 16 December 1985, and encourages him to continue his efforts to curb the illicit circulation of small arms and to collect such arms in the affected States which so request, with the support of the United Nations Regional Centre for Peace and Disarmament in Africa and in close cooperation with the Organization of African Unity;

5. Invites Member States to implement national control measures in order to check the illicit circulation of small arms, in particular by curbing the illegal export of such arms;

6. Invites the international community to give appropriate support to the efforts made by the affected countries to suppress the illicit circulation of small arms, which is likely to hamper their development;

7. Requests the Secretary-General to report to the General Assembly on this issue at its fiftieth session.

Nuclear disarmament with a view to the ultimate elimination of nuclear weapons

The General Assembly,

Recognizing that the end of the cold war has increased the possibility of creating a world free from the fear of nuclear war,

Welcoming the efforts of the Russian Federation and the United States of America for nuclear disarmament and the conclusion of the two treaties on the reduction and limitation of strategic offensive arms, and looking forward to their early entry into force,

Welcoming also the efforts of other nuclear-weapon States in the field of nuclear disarmament,

Attaching great importance to the contribution which the Treaty on the Non-Proliferation of Nuclear Weapons 18/ has made to the peace and security of the world since its entry into force in 1970,

Welcoming the positive developments in the negotiations for a comprehensive nuclear-test-ban treaty based on the consensus achieved at its forty-eighth session,

1. Urges States not parties to the Treaty on the Non-Proliferation of Nuclear Weapons to accede to it at the earliest possible date, recognizing the importance of the universality of the Treaty;

2. Calls upon the nuclear-weapon States to pursue their efforts for nuclear disarmament with the ultimate objective of the elimination of nuclear weapons in the framework of general and complete disarmament, and calls upon all States to implement fully their commitments in the field of disarmament and non-proliferation of weapons of mass destruction.

Bearing in mind the Final Document of the Tenth Special Session of the General Assembly, 7/ the first special session devoted to disarmament, and the final objective of general and complete disarmament under effective international control,

Welcoming the recent positive changes in the international landscape, characterized by the end of the cold war, the relaxation of tensions at the global level and the emergence of a new spirit governing relations among nations,

Stressing the central role of the United Nations for the promotion of disarmament, peace and security,

1. Decides, in principle, to convene, in 1997 if possible, the fourth special session of the General Assembly devoted to disarmament, the date to be determined at its fiftieth session;

Request for an advisory opinion from the International Court of Justice on the legality of the threat or use of nuclear weapons

The General Assembly,

Conscious that the continuing existence and development of nuclear weapons pose serious risks to humanity,

Mindful that States have an obligation under the Charter of the United Nations to refrain from the threat or use of force against the territorial integrity or political independence of any State,

Recalling its resolutions 1653 (XVI) of 24 November 1961, 33/71 B of 14 December 1978, 34/83 G of 11 December 1979, 35/152 D of 12 December 1980, 36/92 I of 9 December 1981, 45/59 B of 4 December 1990 and 46/37 D of 6 December 1991, in which it declared that the use of nuclear weapons would be a violation of the Charter and a crime against humanity,

21/ A/49/476.

22/ United Nations publication, Sales No. E.87.IX.8, para. 35.

Convinced that the complete elimination of nuclear weapons is the only guarantee against the threat of nuclear war,

Noting the concerns expressed in the Fourth Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons that insufficient progress had been made towards the complete elimination of nuclear weapons at the earliest possible time,

Recalling that, convinced of the need to strengthen the rule of law in international relations, it has declared the period 1990-1999 the United Nations Decade of International Law, 24/

Noting that Article 96, paragraph 1, of the Charter empowers the General Assembly to request the International Court of Justice to give an advisory opinion on any legal question,

Recalling the recommendation of the Secretary-General, made in his report entitled "An Agenda for Peace", 25/ that United Nations organs that are authorized to take advantage of the advisory competence of the International Court of Justice turn to the Court more frequently for such opinions,

Welcoming resolution 46/40 of 14 May 1993 of the Assembly of the World Health Organization, in which the organization requested the International Court of Justice to give an advisory opinion on whether the use of nuclear weapons by a State in war or other armed conflict would be a breach of its obligations under international law, including the Constitution of the World Health Organization,

Decides, pursuant to Article 96, paragraph 1, of the Charter of the United Nations, to request the International Court of Justice urgently to render its advisory opinion on the following question: "Is the threat or use of nuclear weapons in any circumstance permitted under international law?".

Bilateral nuclear-arms negotiations and nuclear disarmament

The General Assembly,

Recalling its previous relevant resolutions,

Recognizing the fundamental changes that have taken place with respect to international security, which have permitted agreements on deep reductions in the nuclear armaments of the States possessing the largest inventories of such weapons,

Mindful that it is the responsibility and obligation of all States to contribute to the process of the relaxation of international tension and to the strengthening of international peace and security,

Stressing the importance of strengthening international peace and security through disarmament,

Emphasizing that nuclear disarmament remains one of the principal tasks of our times,

Stressing also that it is the responsibility of all States to adopt and implement measures towards the attainment of general and complete disarmament under effective international control,

Appreciating a number of positive developments in the field of nuclear disarmament, in particular the treaty concluded on 8 December 1987 between the former Union of Soviet Socialist Republics and the United States of America on the elimination of their intermediate-range and shorter-range missiles, 26/ and the treaties on the reduction and limitation of strategic offensive arms,

Noting that there are still significant nuclear arsenals and that the primary responsibility for nuclear disarmament, with the objective of the elimination of nuclear weapons, rests with the nuclear-weapon States, in particular those which possess the largest stockpiles,

Welcoming the steps that have already been taken by those States to begin the process of reducing the number of nuclear weapons and removing such weapons from a deployed status, and bilateral agreements on the issue of de-targeting strategic nuclear missiles,

Noting the new climate of relations between the United States of America and the States of the former Soviet Union, which permits them to intensify their cooperative efforts to ensure the safety, security and environmentally sound destruction of nuclear weapons,

---

26/ United Nations Disarmament Yearbook, vol. 12: 1987 (United Nations publication, Sales No. E.88.IX.2), appendix VII.

Noting also that the Russian Federation and the United States of America concurred that, once their Treaty on the Further Reduction and Limitation of Strategic Offensive Arms was ratified, they would proceed to deactivate all strategic delivery systems to be reduced under the Treaty by removing their nuclear warheads or taking other steps to remove them from alert status,

Noting further the agreement between the Russian Federation and the United States of America to intensify their dialogue to compare conceptual approaches and to develop concrete steps to adapt the nuclear forces and practices on both sides to the changed international security situation, including the possibility, after ratification of the Treaty on the Further Reduction and Limitation of Strategic Offensive Arms, of further reduction of and limitations on remaining nuclear forces,

Urging the further intensification of such efforts to accelerate the implementation of agreements and unilateral decisions relating to nuclear-arms reduction,

Welcoming the reductions made by other nuclear-weapon States in some of their nuclear-weapon programmes, and encouraging all nuclear-weapon States to consider appropriate measures relating to nuclear disarmament,

Affirming that bilateral and multilateral negotiations on nuclear disarmament should facilitate and complement each other,

1. Welcomes the actions taken towards the ratification of the Treaty on the Reduction and Limitation of Strategic Offensive Arms signed in Moscow on 31 July 1991 by the former Union of Soviet Socialist Republics and the United States of America and the protocol to that Treaty signed at Lisbon on 23 May 1992 by the four parties thereto, and urges the parties to take the necessary steps to ensure its entry into force at the earliest possible date;

2. Also welcomes the signing of the Treaty between the Russian Federation and the United States of America on the Further Reduction and Limitation of Strategic Offensive Arms in Moscow on 3 January 1993, and urges the parties to take the steps necessary to bring that Treaty into force at the earliest possible date;

3. Expresses its satisfaction at the continuing implementation of the treaty on the elimination of intermediate-range and shorter-range missiles, 26/ in particular at the completion by the parties of the destruction of all their declared missiles subject to elimination under the treaty;

4. Encourages the United States of America, the Russian Federation, Belarus, Kazakhstan and Ukraine to continue their cooperative efforts aimed at eliminating nuclear weapons and strategic offensive arms on the basis of existing agreements, and welcomes the contributions that other States are making to such cooperation as well;

5. Encourages and supports the Russian Federation and the United States of America in their efforts to reduce their nuclear armaments and to continue to give those efforts the highest priority in order to contribute to the objective of the elimination of nuclear weapons;

6. Invites the Russian Federation and the United States of America to keep other States Members of the United Nations duly informed of progress in their discussions and in the implementation of their strategic offensive arms agreements and unilateral decisions.

Measures to curb the illicit transfer and use of conventional arms

The General Assembly,

Recalling its resolution 46/36 H of 6 December 1991 and its decision 47/419 of 9 December 1992 on international arms transfers,

Recalling also its resolutions 48/75 F and 48/75 H of 16 December 1993 on international arms transfers and measures to curb the illicit transfer and use of conventional weapons, respectively,

Realizing the urgent need to resolve conflicts and to diminish tensions and accelerate efforts towards general and complete disarmament with a view to maintaining regional and international peace and security,

Recognizing that the availability of massive quantities of conventional weapons and especially their illicit transfer, often associated with destabilizing activities, are most disturbing and dangerous phenomena, particularly for the internal situation of affected States and the violation of human rights,

Stressing the need for effective national control measures on the transfer of conventional weapons,

Recognizing also the curbing of the illicit transfer of arms as an important contribution to the relaxation of tension and peaceful reconciliation processes,

Convinced that peace and security are inextricably interlinked with and in some cases imperative for economic development and reconstruction,

1. Invites the Disarmament Commission to:

(a) Expedite its consideration of the agenda item on international arms transfers, with special emphasis on the adverse consequences of the illicit transfer of arms and ammunition;

(b) Study measures to curb the illicit transfer and use of conventional arms;

2. Invites Member States to provide the Secretary-General with relevant information on national control measures on arms transfers with a view to preventing illicit arms transfers and, in this context, to take immediate, appropriate and effective measures to seek to ensure that illicit transfers of arms are discontinued;

3. Requests the Secretary-General to:

(a) Seek the views of Member States on effective ways and means of collecting weapons illicitly transferred in interested countries, as well as on concrete proposals concerning measures at national, regional and international levels to curb the illicit transfer and use of conventional arms;

(b) Study, within the existing resources, upon request from the concerned Member States, the possibilities of the collection of weapons illicitly transferred in the light of the experience gained by the United Nations and the views expressed by Member States and to submit a report on the result of his study to the General Assembly at its fiftieth session;

4. Also requests the Secretary-General to report to the Assembly at its fiftieth session on the implementation of the present resolution;

5. Decides to include in the provisional agenda of its fiftieth session the item entitled "Measures to curb the illicit transfer and use of conventional arms".

Regional disarmament

The General Assembly,

Recalling its resolutions 45/58 P of 4 December 1990, 46/36 I of 6 December 1991, 47/52 J of 9 December 1992 and 48/75 I of 16 December 1993 on regional disarmament,

Believing that the efforts of the international community to move towards the ideal of general and complete disarmament are guided by the inherent human desire for genuine peace and security, the elimination of the danger of war and the release of economic, intellectual and other resources for peaceful pursuits,

Affirming the abiding commitment of all States to the purposes and principles enshrined in the Charter of the United Nations in the conduct of their international relations,

Noting that essential guidelines for progress towards general and complete disarmament were adopted at the tenth special session of the General Assembly, 7/

Taking note of the guidelines and recommendations for regional approaches to disarmament within the context of global security adopted by the Disarmament Commission at its 1993 substantive session, 27/

27/ Official Records of the General Assembly, Forty-eighth Session, Supplement No. 42 (A/48/42), annex II.

Welcoming the prospects of genuine progress in the field of disarmament engendered in recent years as a result of negotiations between the two super-Powers,

Taking note also of the recent proposals for disarmament and nuclear non-proliferation at the regional and subregional levels,

Recognizing the importance of confidence-building measures for regional and international peace and security,

Convinced that endeavours by countries to promote regional disarmament, taking into account the specific characteristics of each region and in accordance with the principle of undiminished security at the lowest level of armaments, would enhance the security of smaller States and would thus contribute to international peace and security by reducing the risk of regional conflicts,

1. Stresses that sustained efforts are needed, within the framework of the Conference on Disarmament and under the umbrella of the United Nations, to make progress on the entire range of disarmament issues;

2. Affirms that global and regional approaches to disarmament complement each other and should therefore be pursued simultaneously to promote regional and international peace and security;

3. Calls upon States to conclude agreements, wherever possible, for nuclear non-proliferation, disarmament and confidence-building measures at regional and subregional levels;

4. Welcomes the initiatives towards disarmament, nuclear non-proliferation and security undertaken by some countries at the regional and subregional levels;

5. Supports and encourages efforts aimed at promoting confidence-building measures at regional and subregional levels in order to ease regional tensions and to further disarmament and nuclear non-proliferation measures at regional and subregional levels;

6. Decides to include in the provisional agenda of its fiftieth session the item entitled "Regional disarmament".

Conventional arms control at the regional and subregional levels

The General Assembly,

Recalling its resolution 48/75 J of 16 December 1993,

Recognizing the crucial role of conventional arms control in promoting regional and international peace and security,

Convinced that conventional arms control needs to be pursued primarily in the regional and subregional contexts since most threats to peace and security in the post-cold-war era arise mainly among States located in the same region or subregion,

Aware that the preservation of a balance in the defence capabilities of States at the lowest level of armaments would contribute to peace and stability and should be a prime objective of conventional arms control,

Desirous of promoting agreements to strengthen regional peace and security at the lowest possible level of armaments and military forces,

Believing that militarily significant States, and States with larger military capabilities, have a special responsibility in promoting such agreements for regional security,

Believing also that one of the principal objectives of conventional arms control should be to prevent the possibility of military attack launched by surprise,

1. Decides to give urgent consideration to the issues involved in conventional arms control at the regional and subregional levels;

2. Requests the Conference on Disarmament, as a first step, to consider the formulation of principles that can serve as a framework for regional agreements on conventional arms control, and looks forward to a report of the Conference on this subject;

3. Decides to include in the provisional agenda of its fiftieth session the item entitled "Conventional arms control at the regional and subregional levels".

Bearing in mind that the changed international environment has created new opportunities for the pursuit of disarmament, as well as posed new challenges,

Taking note of the report of the Secretary-General on the activities of the regional centres, 11/

Convinced that the initiatives and activities mutually agreed upon by Member States of the respective regions aimed at fostering mutual confidence and security, as well as the implementation and coordination of regional activities under the United Nations Disarmament Information Programme, would encourage and facilitate the development of effective measures of confidence-building, arms limitation and disarmament in these regions,

Convention on the Prohibition of the Use of Nuclear Weapons

The General Assembly,

Convinced that the use of nuclear weapons poses the most serious threat to the survival of mankind,

Convinced also that a multilateral agreement prohibiting the use or threat of use of nuclear weapons would strengthen international security and contribute to the climate for negotiations leading to the ultimate elimination of nuclear weapons,

Welcoming the Treaty between the Russian Federation and the United States of America on Further Reduction and Limitation of Strategic Offensive Weapons, signed in Moscow on 3 January 1993, aimed at reducing the strategic arsenals to an aggregate level not to exceed 3,500 deployed strategic warheads for each side no later than the year 2003,

---

12/ Official Records of the General Assembly, Forty-eighth Session, Supplement No. 42 (A/48/42), annex II.

Conscious that the recent steps taken by the Russian Federation and the United States of America towards a reduction of their nuclear weapons and the improvement in the international climate can contribute towards the goal of complete elimination of nuclear weapons,

Recalling that, in paragraph 58 of the Final Document of the Tenth Special Session of the General Assembly, 7/ it is stated that all States should actively participate in efforts to bring about conditions in international relations among States in which a code of peaceful conduct of nations in international affairs could be agreed upon and that would preclude the use or threat of use of nuclear weapons,

Reaffirming that any use of nuclear weapons would be a violation of the Charter of the United Nations and a crime against humanity, as declared in its resolutions 1653 (XVI) of 24 November 1961, 33/71 B of 14 December 1978, 34/83 G of 11 December 1979, 35/152 D of 12 December 1980 and 36/92 I of 9 December 1981,

Stressing that an international convention would be a step towards the complete elimination of nuclear weapons leading to general and complete disarmament under strict and effective international control,

Noting with regret that the Conference on Disarmament, during its 1994 session, was unable to undertake negotiations on this subject,

1. Reiterates its request to the Conference on Disarmament to commence negotiations, as a matter of priority, in order to reach agreement on an international convention prohibiting the use or threat of use of nuclear weapons under any circumstances, taking as a possible basis the draft Convention on the Prohibition of the Use of Nuclear Weapons annexed to the present resolution;

2. Requests the Conference on Disarmament to report to the General Assembly on the results of those negotiations.

8. Requests the Disarmament Commission to continue its work in accordance with its mandate, as set forth in paragraph 118 of the Final Document of the Tenth Special Session of the General Assembly, 2/ and with paragraph 3 of resolution 37/78 H of 9 December 1982, and to that end to make every effort to achieve specific recommendations on the items of its agenda, taking into account the adopted "Ways and means to enhance the functioning of the Disarmament Commission"; 3/

B

Expansion of the membership of the Conference on Disarmament

The General Assembly,

Having considered the report of the Conference on Disarmament, 4/

Conscious of the need for a comprehensive approach to the disarmament process and for improved functioning and efficiency of the multilateral arms control and disarmament machinery, as also envisaged in the report of the Secretary-General on new dimensions of arms regulation and disarmament in the post-cold-war era, 5/

4/ Official Records of the General Assembly, Forty-ninth Session, Supplement No. 27 (A/49/27).

5/ A/C.1/47/7.

Recalling its relevant resolutions, in particular resolution 48/77 B of 16 December 1993, concerning, inter alia, the ongoing review by the Conference on Disarmament of its agenda, composition and methods of work, which highlighted the need for substantial enlargement of the present membership of the Conference,

Fully convinced that an enlarged membership is desirable in order to take advantage of the current propitious international climate to negotiate, on the solid basis of a more representative participation, a comprehensive test-ban treaty and other important agreements requiring universal adherence,

Recalling that the Conference on Disarmament, which is funded from the regular budget, was granted, pursuant to resolution 48/77 B, supplementary administrative, substantive and conference support services, inter alia, in anticipation of its expansion,

Recalling also its resolution 1722 (XVI) of 20 December 1961 regarding the establishment of the Conference on Disarmament, then the Eighteen-Nation Committee on Disarmament,

Emphasizing the fact that, notwithstanding dramatic changes in the international situation and continuous consultations, there has been no expansion of the membership of the Conference during the last fifteen years,

Welcoming the fact that the annual report of the Conference on Disarmament reflects the intention of the Conference to reinstate its own procedures providing for periodic review of its composition,

Regretting, however, that the Conference on Disarmament did not reach a consensus that would result in the expansion of its membership before the start of the 1994 session of the Conference, as urged by the General Assembly in its resolution 48/77 B, nor was it able to resolve this question thereafter, in spite of intensive efforts by the Friend of the Chair,

1. Recognizes the legitimate aspirations of the candidate countries to participate fully in the work of the Conference on Disarmament;

2. Recalls the report of 12 August 1993 of the Special Coordinator for membership designated by the Conference on Disarmament 6/ and the subsequent statement made by the Special Coordinator on 26 August 1993, 7/ recommending a dynamic solution to the question of membership, as well as the report of the Conference on Disarmament on its 1994 session;

3. Urges the Conference on Disarmament to make every effort to reach a solution resulting, by the beginning of 1995, in a significant expansion of its composition, which would then include at least sixty countries.

Report of the Conference on Disarmament

The General Assembly,

Having considered the report of the Conference on Disarmament, 4/

Convinced that the Conference on Disarmament, as the single multilateral disarmament negotiating forum of the international community, has the primary role in substantive negotiations on priority questions of disarmament,

Considering, in this respect, that the present international climate should give additional impetus to multilateral negotiations with the aim of reaching concrete agreements,

Welcoming the ongoing negotiations of the Conference on Disarmament on a comprehensive nuclear-test-ban treaty,

Noting with satisfaction the results achieved so far on the subject of improved and effective functioning of the Conference on Disarmament, as well as the decision to carry out consultations with a view to achieving consensus on the issue of its membership by the beginning of its 1995 session and the decision to continue consultations on the issue of the agenda at its 1995 session,

Recognizing that the Conference on Disarmament has a number of urgent and important areas for negotiations,

1. Reaffirms the role of the Conference on Disarmament as the single multilateral disarmament negotiating forum of the international community;

2. Welcomes the determination of the Conference on Disarmament to fulfil that role in the light of the evolving international situation, with a view to making early substantive progress on priority items of its agenda;

3. Urges the Conference on Disarmament to continue as a priority task its negotiations to conclude a comprehensive nuclear-test-ban treaty;

4. Notes the recommendation of the Conference on Disarmament that the balance of its future work be considered more fully by the Conference before it decides which ad hoc committees, besides the Ad Hoc Committee on a Nuclear Test Ban, should be established in 1995;

5. Urges the Conference on Disarmament to make every effort to reach a solution on the expansion of its membership by the beginning of its 1995 session;

Implementation of the guidelines for appropriate types of confidence-building measures

The General Assembly,

Recalling its resolution 43/78 H of 7 December 1988, in which it endorsed the guidelines for appropriate types of confidence-building measures and for the implementation of such measures on a global or regional level, and its resolution 47/54 D, adopted without a vote on 9 December 1992,

Noting that since then national reports on the implementation of the guidelines for appropriate types of confidence-building measures have been submitted by a number of Member States belonging to different geographic regions,

Reconfirming its support for the guidelines for appropriate types of confidence-building measures and for the implementation of such measures on a global or regional level,

Recalling that the guidelines and recommendations for regional approaches to disarmament within the context of global security, as endorsed by the General Assembly at its forty-eighth session, refer, inter alia, to confidence- and security-building measures in the context of maintaining and enhancing regional peace and security,

Welcoming progress at the global level in the promotion of transparency in the military field as a cornerstone for confidence-building, through the United Nations system for the standardized reporting of military expenditures, introduced by its resolution 35/142 B of 12 December 1980, the endorsement of the guidelines and recommendations for objective information on military matters, contained in its resolution 47/54 B of 9 December 1992, and the establishment of the Register of Conventional Arms under its resolution 46/36 L of 9 December 1991,

Noting with satisfaction the encouraging results of specific confidence-building measures agreed upon and implemented in some regions which foster mutual trust and understanding, defuse tensions and promote friendly relations among States,

Welcoming, in particular, the establishment of regional mechanisms, institutions or forums entrusted with the prevention and peaceful settlement of conflicts, and the development of confidence-building measures,

Recognizing the value of regional workshops, seminars and conferences on regional confidence-building and security, contributing to regional disarmament and security,

Reaffirming the great importance of increasing security and stability in all regions through appropriate measures to strengthen international peace and security,

Realizing with deep concern, however, that tensions in some regions rise and that even violent armed conflicts have erupted and continue, in some cases, despite all peacemaking and peace-keeping efforts,

Emphasizing that confidence-building measures, especially when applied in a comprehensive manner, can be conducive to achieving structures of security based on cooperation and openness and thus contribute to the wider objective of the renunciation of the threat or use of force,

1. Stresses the need for the development and implementation of confidence-building measures as a concrete means to facilitate the disarmament and arms limitation process and to improve the prospects for the peaceful settlement of disputes, thus contributing to maintaining and enhancing regional and international peace and security;

2. Recommends the guidelines for appropriate types of confidence-building measures to all States for implementation, taking fully into account the specific political, military and other conditions prevailing in a region;

3. Also recommends to all States and regions that have already started to implement confidence-building measures to pursue further and strengthen this process;

4. Appeals to all States to consider the widest possible use of confidence-building measures in their international relations, including bilateral, regional and global activities, as an important step towards prevention of conflict and, in times of political tension and crisis, as an instrument for peaceful settlement of conflicts;

5. Calls upon, in particular, all States in whose regions military tensions exist, or armed conflicts occur, to make the best possible use of confidence-building measures, among other appropriate activities and if needed in cooperation with other States, to ease tensions and to contribute to peacemaking and peace-building;

6. Invites the Secretary-General to continue to collect relevant information from all Member States;

7. Decides to include in the provisional agenda of its fifty-first session an item entitled "Confidence-building measures".
